

# WuT Seminar

Spring Semester 2012

22.3.2012	H. Neidhardt	Influence of organic matter and ground-water abstraction on As mobilization in West Bengal	FC-C24 15:30
5.4.2012	V. Chittoor	POSTPONED – Impact of river restoration on the water quality of the surface water in a pre alpine catchment	BU-B18 15:30
12.4.2012	S. Hug	Avoiding arsenic, manganese and salinity to improve the acceptance of deep tube-wells in Bangladesh	BU-B18 15:30
19.4.2012	S. Diem	River water level uncertainty: Impact on modeled groundwater residence time	FC-C24 15:30
26.4.2012	B. Doulatyari	Stochastic modeling of water distribution within the Thur catchment	BU-B18 15:30
3.5.2012	N. Volze	Behavior of springs in alpine regions and their influence on flood runoff	BU-B18 15:30
10.5.2012	???	???	BU-B18 15:30
17.5.2012	J. Christi	<i>Ascensio Domini</i>	Upstairs
24.5.2012	F. Soltermann	The other side of the coin: Nitrosamine formation by UV irradiation of chlorinated pool water	FC-C24 15:30
31.5.2012	M. Ghasemizade	Contribution of subsurface flow to runoff generation: lessons learnt and challenges ahead.	BU-B18 15:30
